Title: Details on the Comscore data used in the study appendix for "Mapping the website and mobile app audiences of Russia's foreign communication outlets, RT and Sputnik, across 21 countries"
Authors: Julia Kling (1), Florian Toepfl (1), Neil Thurman (2,3), Richard Fletcher (4)
Date: December $22^{\text {nd }}, 2022$
Note: The material contained herein is supplementary to the article named in the title and published in the Harvard Kennedy School (HKS) Misinformation Review.

## Appendix: Details on the Comscore data used in the study

In our study, we used data from the analytics company Comscore, which provides audience estimations of website/app entities. (For details on their methodology, see Comscore, 2021). What follows is a list of every report retrieved from Comscore that was used in the analysis.

## Figures 1 and 2

Comscore MMX Multi-Platform, Total Unique Visitors/Viewers (000) and \% Reach, Total Audience, October 2021 - December 2021, Argentina, Australia, Brazil, Canada, Chile, Colombia, Finland, France, Germany, Hong Kong, India, Ireland, Italy, Japan, Malaysia, Mexico, Norway, Singapore, Spain, United Kingdom, United States.
