## Appendix I: Partisanship

The analyses in Tables I1–I3 use partisanship instead of left-right self-placement.

*Table I1. Predictors of conspiracy thinking (with Party ID).*

|                             | (1)                              |
|-----------------------------|----------------------------------|
|                             | Conspiracy thinking              |
| White consciousness         | 0.240 <sup>***</sup><br>(0.030)  |
| Age                         | -0.011<br>(0.007)                |
| Age (squared)               | 0.000<br>(0.000)                 |
| Woman                       | -0.079 <sup>*</sup><br>(0.038)   |
| University education        | 0.048<br>(0.041)                 |
